

**Council on Postsecondary Education  
Committee on Equal Opportunities  
August 20, 2001**

## **Programs Implemented Under the Quantitative Waiver in 2001**

---

The statutes establish the council's responsibility to approve the offering of new academic programs (KRS 164.020(14)) and also limit (KRS 164.020(18)) an institution's eligibility for new academic programs by the requirement that an institution meet its equal opportunity objectives. The statutes give the council authority to grant a temporary waiver if an institution demonstrates progress in meeting equal opportunity objectives. The administrative regulation, 13 KAR 2:060, establishes the criteria used to determine an institution's compliance with equal opportunity objectives, and for the granting of a temporary waiver to a state-supported postsecondary education institution which has not met its objectives.

The administrative regulation identifies three ways an institution may be eligible to approve new degree programs or to have new degree programs considered for approval:

- Automatic eligibility: universities must show continuous progress in six of eight objectives and community and technical colleges must show continuous progress in three of four objectives in *The Kentucky Plan*. KSU is five of seven objectives.
- Quantitative waiver: universities must show continuous progress in five of eight objectives and community and technical colleges must show continuous progress in two of four objectives in *The Kentucky Plan*. KSU is four of seven objectives.
- Qualitative waiver: the submission of information in support of outstanding efforts that were attempted which have not yet proven to be successful.

**Attachment A** lists the institutions that implemented new programs under the quantitative waiver status.

**FD-9 EQUAL EDUCATIONAL OPPORTUNITY FUNDS\***

**ACTUAL AND BUDGETED**

**DUE DATE: October 15, 2000**

**INSTITUTION: MOREHEAD STATE UNIVERSITY**

<b>Source of Funds</b>	<b>Actual 1999-00</b>	<b>Budgeted 2000-01</b>
State General Fund	\$104,600	\$89,400
Expenditure by Object		
Personnel Costs	89,500	69,800
Operating Expenses	13,000	17,600
